

# *Archers Association of Nova Scotia*

## AANS Policy 2008-003 - **Aboriginal Policy**

Adopted from the Archery Canada Aboriginal Policy, reviewed and revised by our Policy committee 2013/07/27 and the executive committee on 2013/08/27.

The Archers Association of Nova Scotia recognizes and supports people of the aboriginal community in Nova Scotia and Canada to participate in all aspects of organized sport to the fullest.

AANS in particular recognizes the special quadrennial event The North American Indigenous Games "NAIG" as the most important aboriginal sporting event in North America.

AANS recognizes all athletes competing in these Games and views medal performances as a symbol of athletic excellence.

AANS acts as liaison between the federal level and provincial sport governing bodies to increase and sustain dialogue in support of these quadrennial Games.

AANS will continue to work with archers from the aboriginal community to address needs and issues as they arise.
